PERSONAL STATEMENT

Breaking down complex product problems and designing their solutions for more than 3 years. Experienced in collaborating with creative and development teams for the execution of ideas and driving product growth.

WORK EXPERIENCE

Project Manager at Creable,
Dec 2021 - Present

While working closely with the founder, my main focus during this role is to drive growth, adoption and launching new features. Being a small team in a new niche, we have to move fast to drive results and attract new users. This involves a lot of user research and then shipping new features quickly.

Project Manager at Heeko,
Dec 2019 - Dec 2021

Managing a team of developers and designers to deliver in-house as well as client projects on time. Creating project documentation and building websites from scratch, while ensuring the code is scalable and responsive.

Project Manager at Muzelf,
Nov 2018 - Dec 2019

Took user feedback and worked closely with the tech team to have them implemented. Co-ordinated with users to help them in setting up their online art portfolio and assisted the buyers throughout the sales process.

Customer Success Specialist at Repup,
Jun 2018 - Nov 2018

Built a strong relationship with clients to understand their expectations from the product during on-boarding. Managed feedback from clients and gave product improvement suggestions based on their inputs.
